

School	Program	Degree	Length	Description	URL
Concordia University	Art Education	MA	2 year FT	The MA in Art Education is designed to help students develop a critical understanding of the field of art education, and introduces them to past and current trends, as well as to theories and practices that influence the teaching of visual arts. Students engage in the program of study best suited to their particular academic and professional goals by choosing either the thesis option or the courses option. Graduates go on to a wide range of professional positions in schools, museums and cultural services.	http://art-education.concordia.ca/graduate/ma-in-art-education/
Concordia University	Studio Arts, Print Media	MFA	5 terms FT	The Print Media concentration of the MFA in Studio Arts program provides a multidisciplinary environment for the investigation of contemporary print practices. The program supports photo-digital and print-based processes in intaglio, lithography, screenprint, digital print and book arts, as well as an expanding range of new media practices including computer graphics, internet art, e-publishing, animation and installation. You will be encouraged to master professional print skills and examine the aesthetics and theory of print practice. Recent thematic topics include narrative, hypertext, databases, networks and cultural aesthetics.	http://studio-arts.concordia.ca/graduate-programs/mfa-studio-arts/print-media/index.php
Emily Carr University	Applied Arts Design/Media Arts/Visual Arts	MAA	21 months Resident 28 months Low Res	The focus of the program is on individual and/or collaborative research informed by contemporary issues and developed through ongoing analysis and critique. Students work together, approaching diverse concerns and research interests from their respective disciplinary perspectives. Course work in critical studies and studio disciplines reference and explore common threads in critical methodologies.	http://www.ecuad.ca/programs/gradstudies
Emily Carr University BCIT, Simon Fraser, UBC Partnership	Digital Media	MDM	12 months FT + Internship	With input from both academia and industry, the program's curriculum is uniquely designed to meet new and expanding digital media markets. Through team-based, industry-facing projects and a four-month internship, students develop the professional skills required to be effective creators, producers, and leaders in the digital media industry.	http://www.ecuad.ca/programs/gradstudies
McGill University	Communication and New Media	MA	12 months	The M.A. program in Communication and New Media at McMaster University offers the opportunity for students to gain experience in independent communication studies research and/or multimedia design at the graduate level, while developing advanced knowledge in communication theories and methodologies, and cultivating their interest in one or more subspecialties in this interdisciplinary program (such as media studies, discourse analysis, performance studies, video art, audience studies, computer-mediated methodologies).	http://graduate.mcmaster.ca/prospective-students/programs-offered/humanities/520-comm-and-new-media
NSCAD University	Design	MDes	12 months	The Master of Design is a one-year program. Over the course of three semesters, beginning in May of every year, students take 42 credits of prescribed Studio and Liberal Arts and Sciences courses, and complete a graduate thesis/degree project. The emphasis of the Program is on practice-led research, hence every student's degree project will be one that focuses on new knowledge gained through reflective practice. Students will present their research through their design work, accompanied by an extended written paper; by a public presentation, and in appropriate circumstances in a group exhibition.	http://nscad.ca/en/home/academicprograms/graduate/mdes.aspx

School	Program	Degree	Length	Description	URL
OCAD University	Digital Futures	MA MDes MFA	12 months FT	The Graduate Program in Digital Futures responds to the increasingly important and sophisticated role of digital technology as a “magical catalyst” for integrating societal, cultural and economic change. Students in the program essentially participate in and prepare for Renaissance 2.0 — the global digital revolution that fuses together disruptive technology and new thought leadership. This revolution is catalyzing our innovation in digital applications, products, media content, practices and services.	http://www.ocadu.ca/programs/graduate_studies/digital_futures.htm
OCAD University	Inclusive Design	MDes	2 year Low Res	Inclusive Design is design that is inclusive of the full range of human diversity with respect to ability, language, culture, gender, age and other forms of human difference. The focus of the Master of Design (MDes) in Inclusive Design will be on building expertise in inclusive digital media, information communication technologies (ICT) and practices. This innovative program will produce graduates with the capacity to form, lead and sustain a much-needed community of expertise on digital inclusion, which will span multiple sectors.	http://www.ocadu.ca/programs/graduate_studies/inclusive_design.htm
OCAD University	Strategic Foresight and Innovation	MDes	1 year FT Possible PT?	Recognizing the increasing importance that design thinking can play in positively impacting society, enhancing business success and managing organizational change, students in the program address the complex dilemmas of contemporary society. The program focuses on the application of foresight and design innovation methods to develop solutions that are transformative and sustainable—economically and environmentally—and that address human needs.	http://www.ocadu.ca/programs/graduate_studies/mdes_strategic_foresight_innovation.htm
OCAD University	Interdisciplinary Master's in Art, Media and Design	MA MDes MFA	FT/PT	The Interdisciplinary Master's in Art, Media & Design (IAMD) challenges students to investigate, research, and produce creative works that combine art, design, and interdisciplinary academic study to create new, hybrid forms of visual and social research and creative production. The student's primary discipline and chosen emphasis between art or design studio practice and theoretical inquiry will determine whether the degree earned is an MFA, MDes, or MA.	http://www.ocadu.ca/programs/graduate_studies/interdisciplinary_masters_in_art_media_and_design.htm
Royal Roads University	Professional Communication	MA	2 year Low Res	The MA in Professional Communication program provides a broad understanding of communication as a human activity. Graduates will be able to function in environments that require effective team-work, adaptability, strategic planning, intercultural mediation, and a sophisticated understanding of interpersonal discourse. Additionally, they will excel in the integration of written and verbal communications with digital technologies.	http://www.royalroads.ca/prospective-students/master-arts-professional-communication
Ryerson University York University Partnership	Communication & Culture	MA PhD	N/A	Drawing on faculty from many programs in both universities, the Program's curriculum is structured around three flexible areas of study – Media & Culture, Politics & Policy, Technology In Practice: Applied Perspectives. Drawn from a number of disciplines, the distinguished faculty collectively represent a breadth of perspectives and professional experience in communications, the social sciences, humanities, media, and fine arts. All professors have strong records of achievement in scholarship and/or professional activity and many are internationally known.	http://www.ryerson.ca/graduate/programs/comcult/

School	Program	Degree	Length	Description	URL
Ryerson University	Spatial Analysis	MSA	1 year FT 2 year PT	The program is designed to focus on current practice involving GIS tools, and the concepts that are needed for practitioners. These practitioners include people working in a wide variety of areas in government, business, NGOs, and academia. The MSA can be completed on a full-time (one year) or a part-time (two year) basis.	http://www.ryerson.ca/graduate/programs/spatial/
Simon Fraser University	Communication	MA PhD	N/A	Our graduate students are engaged in critical, cutting-edge research in fields ranging from cultural studies, to political economy, to the philosophy of technology. Indeed, the breadth of scholarship that characterizes the School's Graduate Program is one of the hallmarks of the Program's reputation for excellence on an international scale, a reputation that continues to grow as the School negotiates the many innovative directions in which our students are constantly moving. We are in every sense committed to the principles of teaching excellence; the imperative for a nuanced, critical analysis of contemporary culture; and the fostering of an intellectual climate in which our students can realize their full intellectual potential.	http://www.cmns.sfu.ca/graduate/
Simon Fraser University	Interactive Arts and Technology	MA MSc PhD	N/A	SIAT's graduate program focuses on the technological change that is radically reshaping our world today. We believe that intellectual diversity and multiple perspectives are essential to address such change. Views and research traditions from design, art, the humanities, science and technology are all part of our community. We offer Master of Arts, Master of Science and Doctor of Philosophy degrees. Admission to the program depends on prior academic preparation, intended focus of study, and academic research match/availability	http://www.siat.sfu.ca/
Simon Fraser University	Publishing	MPub	16 month FT	The Master of Publishing (MPub) program is the only program in Canada to offer a postgraduate degree in publishing, and is the country's premier training ground for publishing professionals. We provide tomorrow's industry leaders with the tools needed to guide publishing enterprises through a dynamic and fast-paced environment.	http://tkbr.cbsp.sfu.ca/education/master-of-publishing/
Simon Fraser University	Arts Education	MA MEd PhD	N/A	Our Arts Education programs provide students with knowledge to help develop creativity, problem solving, multiple modes of communication, self discipline, and critical thinking skills that can be implemented in a variety of traditional and non-traditional educative environments. The Arts Education MEd program is a course work only degree culminating in a portfolio/ interview examination. All students enter graduate work in Arts Education through the MEd route.	http://www.educ.sfu.ca/gs/areas-of-study/artseducation.html

University of British Columbia	Art Education	MA MEd	N/A	Not available through URL provided	Cannot link to URL
University of Alberta	Design in Visual Communications	MDes PhD	2 year FT (MDes)	In Visual Communication Design our approach is interdisciplinary. We are interested in information, communication, instruction and education, and do not deal with consumer product advertising or the promotion of commercial service industries.	http://www.artdesign.ualberta.ca/Graduate/Design_Studies/Visual_Communication_Design.aspx
University of Alberta	Industrial Design	MDes	N/A	The approach of the Industrial Design program toward the profession and the creative process emphasizes: research, critical analysis, problem identification, concept development, innovation, functional requirements, appropriate technology, human factors, aesthetic criteria and social responsibility, so that a product meets the needs of the user according to a very broad frame of reference.	http://www.artdesign.ualberta.ca/Graduate/Design_Studies/Industrial_Design.aspx
University of Alberta	History of Art, Design and Visual Culture	MA PhD	2 year FT (MA)	The Department of Art and Design at the University of Alberta offers students exciting and rigorous programs leading to Masters and Doctoral degrees in the History of Art, Design and Visual Culture. HADVC emphasizes critical thinking about how the world is mediated by technologies of vision, images and material objects. We offer a range of courses on modern and contemporary art and theory, design, new media, the graphic arts, and museum practices.	http://www.artdesign.ualberta.ca/Graduate/History_of_Art_Design_and_Visual_Culture.aspx
University of Alberta	Communications and Technology	MA	2 year PT (MA) Online	The Communications and Technology Graduate Program at the University of Alberta offers a theoretical, historical and practical examination of communications in the era of the Internet, social media and the mobile phone. We help people discover and apply the communications ideas and technologies of tomorrow.	http://www.mact.ualberta.ca/
University of Calgary	Communication & Culture	MA PhD	N/A	The graduate program in Communication and Culture at the University of Calgary invites students to pursue their academic interests in the critical study of communication and culture. We offer a stimulating and dynamic environment, a community of students from around the world, and a faculty dedicated to fostering an environment in which students can reach their full academic potential. We offer interdisciplinary scholarship and rigorous theoretical and methodological grounding and we encourage students to develop unique programs of study that reach beyond traditional topical boundaries.	http://comcul.ucalgary.ca/graduate

School	Program	Degree	Length	Description	URL
University of Calgary	Environmental Design	MEDes PhD	N/A	The MEDes Thesis program is intended for those wishing to expand their current professional or design related backgrounds with advanced interdisciplinary practice-based research and study. Blurring traditional disciplinary definitions, students undertake their studies in one or more of our core thematic areas: ecological design, urban systems design, technological systems design, human and cultural systems design. Each represents the scholarly, professional practice and research strengths necessary to critically engage the broad scope of environmental design inquiry.	http://evds.ucalgary.ca/content/program-overview
University of Lethbridge	New Media	MFA	2 year FT	The Master of Fine Arts (M.F.A.) degree program offers students the opportunity to pursue an advanced degree in the Departments of Art, Theatre and Dramatic Arts, or New Media. Spirited experimentation with artistic and performance techniques, on a foundation of theory and critical thought, as well as the application of new technology are an important and integral parts of the Faculty of Fine Arts.	http://www.uleth.ca/graduatestudies/content/master-fine-arts
Carleton University	Design	MDes	2 year FT	The Master of Design (MDes) is a research-focused program for candidates with prior design training or professional experience who want to probe more deeply into the theoretical and research issues related to design research, interdisciplinary design development and strategic design planning that adds new knowledge to the design field. The MDes program enables graduates to positively affect the greater integration of design principles, methodologies and interdisciplinary design development processes into private and public sector business practice. The School of Industrial Design provides a collaborative graduate studio space, a sensor lab and prototyping labs.	http://graduate.carleton.ca/programs/design-masters/
Carleton University	Human-Computer Interaction	MA MASc MSc	2 year FT	This program helps students make sense out of the rapidly changing world of technology. It focuses on ways computer systems support people at work, at home and at play. What makes our program distinctive is that it is interdisciplinary, allowing students to tailor their program based on a common core. Students can specialize in one of three programs: a Master of Arts (MA) for emphasis on human factors, a Master of Applied Science (MASc) for emphasis on new media technology and design or a Master of Computer Science (MCS) for emphasis on software design.	http://graduate.carleton.ca/programs/human-computer-interaction-masters/
Carleton University	Communications	MA	1-2 year	Carleton's master's degree in communications analyzes critical questions that shape our communication, media and information flow in today's complex society.	http://graduate.carleton.ca/programs/communication-masters/
York University	Design	MDes	2 year FT	The Master of Design (MDes) program is a two-year, practice-based program that investigates cultural, social, cognitive, and technological dimensions of communication design, information design, interaction design, motion graphics and design studies within the parameters of Visual Communication/Graphic Design. It prepares graduates for careers as designers, design theorists/researchers and educators by engaging students in design practice, theory, methodology, research and management strategies.	http://futurestudents.yorku.ca/graduate/programs/design

School	Program	Degree	Length	Description	URL
Université du Québec à Montréal	École des arts visuels et médiatiques	MA	N/A	Le programme de maîtrise en arts visuels et médiatiques vise à former l'étudiant à la recherche-crédation et à favoriser le développement de sa pratique et d'une réflexion critique en tenant compte des problématiques et des enjeux actuels en art et en éducation artistique. Deux concentrations sont offertes : l'une en création, axée sur la recherche et les pratiques en arts visuels et médiatiques, l'autre en éducation, sur les problématiques issues de recherches et de pratiques en éducation artistique. Ces deux concentrations sont liées par des séminaires communs favorisant une interaction entre les champs de l'art et de l'éducation artistique.	http://www.programmes.uqam.ca/3574
Université Laval	Design multimédia	MFA	10 months FT PT possible	Ce programme de maîtrise a pour objectif la formation de spécialistes en design d'interfaces. Le cadre théorique central du programme est l'ergonomie cognitive. Le Web est le principal média à l'étude, et ce, dans ses diverses formes (institutionnelle, transactionnelle, classique, portable, intranet, etc.). D'autres genres sont aussi très souvent à l'étude, comme le jeu vidéo, les interfaces systèmes, les interfaces de bases de données, les divers produits multimédias, etc.	http://www2.ulaval.ca/les-etudes/infocyclesup/consultation.html?tx_stinfobac_pi1%5Bfiche_uid%5D=430
